## Mactan International Airport

**T**his airport has direct flights from Singapore, Seoul, Hongkong, Taipei, Dubai and Doha. It

is modern and there is Duty Free, shops, restaurants, money changers, tourist information centers, etc.

**I**f I had to pick one, Cebu Island would have to be my favorite place in the entire Philippine Archipelago. Here, you'll find unlimited

adventure in the form of majestic jungle waterfalls, incredible snorkeling and diving, mountain hikes and tropical vistas, as well as the world renowned, friendly Cebuano culture.

**I**n this comprehensive Cebu Island travel guide, I'll fill you in on everything you need to know, whether you're a first time visitor or a returning traveler! I will guide you from your arrival, where to stay and the most important of them all, the adventures.

## Lapu Lapu City

**M**actan International Airport is located in the Mactan Island. It is the home of Luxury Hotels and Resorts. You don't have to go far from the airport to find comfort and luxurious experience. It is packed with water activities like jetski, parasailing, banana boat ride and many more. The hotels also offer day trips or group tours. If you are on a budget, there are many smaller hotels around the area.

# Moalboal Cebu

**I**s a tiny coastal resort town at the south-west section of Cebu. About 2 hours of travel from Cebu City, it is popular among divers because of its rich marine life, particularly the sardine run experience. You can see the magnificent sardine run throughout the year.

In Moalboal, you do not need to travel far by boat just to reach a dive site. Moalboal's House Reef is just a few meters offshore, so you can walk from the beach and plunge straight into the dive. And check out the Tuble Marine Sactuary, you can see a wide variety of marine life including the Hawksbill and Green Turtle.

White beach in Moalboal is a good place to lounge and catch the sunset.

Moalboal Sandbar

## Badian Cebu

**W**hile you are in Cebu, yuu must see the Kawasan Falls. Its a three-layered waterfall system. The water is fresh and crystal clear while the rock formations in the canyon are even more fascinating. It is packed with water activities like Zipline, Canyoneering, Trekking or just enjoy the lazy water.

Getting to Kawasan Falls can be reached by bus at about 3 hours from the city. The you need to hike about 30 minutes from the trailhead. And if you want to stay overnight, there are available home stays, dorms around the area or to a more re-sorts around the shore.
